1 Installing Procedure

This document describes the installation method of SMAF Authoring Tool ATS-SMAFPhraseL1 (ATS-PL1).

1.1 File Structure

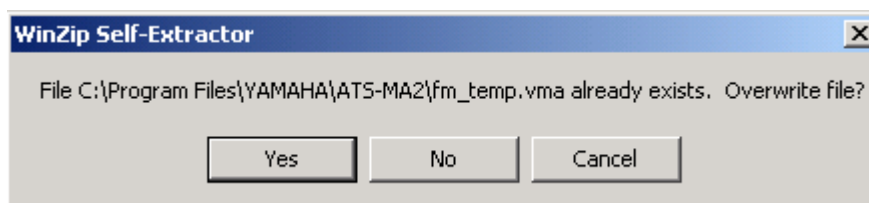

ATS-PL1 application consists of the following files.

File name	Function	SMAF tool compatibility
ATS-PL1.exe	Application Main body	
S2PL1.dll	SMAF->Phrase converter	
phr2phr.dll	Phrase->Phrase converter	
ma2syn.dll	MA-2 Emulator	*
fm_temp.vma	Voice Library file	*

Regarding the file put “*” mark in “SMAF tool compatibility” section, when the files are installed in same directory as “ATS-MA2-SMAF”, the files can be shared with ATS-MA2-SMAF application. Especially, when voice library file is shared, you can use the same Voice Library Information on the both applications.

1.2 File Expansion

This application is compiled in self-extracting file “ATS-PL1_zip.exe”. When you start the file, it can be expanded to the designated directory. The directory to be expanded is set as “C:\Program Files\YAMAHA\ATS-MA2” as default. If you select the same directory as “ATS-MA2-SMAF” and select the overwrite “NO” in the following dialogue, the existing file can be used as it is.

1.3 Create Shortcut

The shortcut to the execute file of ATS-PL1 is not created automatically since its installer is not prepared. Please create shortcut by right-clicking menu of ATS-PL1.exe as necessary.

1.4 Uninstall

Uninstaller of ATS-PL1 is not prepared. Please delete the relevant files including shortcut which you created.
